Date: April 2026
Proposal valid for: 3 days from date of issue

About Bamboost LLP

Bamboost LLP is a Kerala-based SEO and Web Development agency — a performance-based digital growth partner. Our philosophy is rooted in the bamboo metaphor: slow, deep root-building followed by rapid, sustainable growth. We are a team of SEO and web development experts with nearly 5 years of experience in building stunningly beautiful modern and scroll-driven websites, while ranking them to the top of Google.

Understanding your situation

We know what's at stake here

Before we talk about websites, let's talk about why this website matters more than most.

Your legacy

Choorakkodi Kalari was founded in the 1960s by Usthad C.M.M. Gurukkal — a legendary figure in Kalarippayattu, Ayurveda, Marma, and Yoga. Your family has been shaping practitioners for over six decades.

The digital gap

Because the academy focused on traditional practice rather than digital presence, others have filled that space online. When someone searches "Choorakkodi Kalari," they may not find you — the original institution.

The new chapter

Choorakkodi Martial Arts Academy is the beginning of a full digital identity for an institution that deserves to be known — exactly as it is, and for exactly how long it has existed.

The opportunity

Almost nobody in Kozhikode is creating quality content around Kalarippayattu or traditional martial arts online. The first institution to do it well will own that space on Google.

Our goal for this website

When anyone in Kerala — or anywhere in the world — searches for, Choorakkodi Kalari, or Usthad C.M.M. Gurukkal, your website appears first. And when they land on it, there is absolutely no doubt that this is the original, authentic institution. That is what we are building.

What you will receive

A complete digital foundation

This is not just a website. It is a complete system built to work for your academy every day — bringing in enquiries, building your reputation, and telling your story the way it deserves to be told.

01 — A website that represents your identity

Custom-designed for Choorakkodi Martial Arts Academy in Next.js with GSAP scroll-driven animations. Not a template. Not something generic. A website that carries the weight of your 60-year legacy with the visual impact of a world-class institution.

02 — 15 fully built pages

Every page your academy needs — from the Home page to the Founder's Legacy, from Kalarippayattu training to Admissions. All content structured for both visitors and Google.

03 — A cinematic first impression

The homepage hero section features a professional scroll-driven animation using GSAP — an experience no other Kalari academy in Kerala currently offers online. Smooth page transitions throughout the entire website reinforce the premium feel.

04 — Built for Google from day one

SEO is built into the structure of every page — not added later as an afterthought. From page titles to the way content is written, everything is designed to rank.

05 — WhatsApp as your lead engine

Every enquiry, every booking request, every question — directed to WhatsApp. Visitors can reach you in one tap, from any page on the site.

06 — Domain & hosting, fully managed

Domain (choorakkodi.com) setup, hosting configured, SSL security certificate installed. Existing domains (choorakkodikalari.com) redirected. You don't need to worry about any of this — it's all handled and included for the first year.

07 — Ongoing care, not just delivery

After the launch, we stay. Monthly updates, priority change requests, and immediate response to any technical issues. Your website will never be left to run itself without attention.

Full website scope

15 pages. Every one with purpose.

Each page is planned with a specific goal — to inform a visitor, to rank on Google, or to convert interest into a WhatsApp enquiry. Nothing is filler.

[SEO] Targets Google search terms **[Brand]** Establishes authentic identity **[Dynamic]** Updated regularly with fresh content

01	**Home** Cinematic scroll-driven hero, legacy intro, disciplines overview, WhatsApp CTA	[SEO] [Brand]
02	**About — The Legacy of Usthad C.M.M. Gurukkal** Founder's story, 1960s timeline, authenticity statement, Dr. Saheer Ali profile	[Brand]

+ Full SEO Content Package	₹15,000 additional (see SEO section below)
Total with full SEO	₹70,000 — all inclusive
ANNUAL MAINTENANCE CONTRACT — FROM YEAR 2 ONWARDS	
AMC price	₹15,000 per year

Includes	Hosting renewal, framework updates, monthly content updates, security, priority support

Why Next.js and GSAP?

Next.js is the same framework used by some of the most well-known websites in the world. It gives your site faster load times, better Google rankings, and a more seamless experience for every visitor. GSAP (used by Apple, Google, and thousands of global brands) powers the scroll animations — making your homepage an experience, not just a page. No other Kalarippayattu academy in Kerala is currently being built at this level.

Search engine optimisation

How people will find you on Google

The plan includes solid basic SEO. The full SEO content package (₹15,000 additional) is what we recommend if you want to rank on the first page within the first few months.

Basic SEO — Included

- All 15 pages structured for Google from day one
- Page titles & meta descriptions with keywords
- Google My Business listing — created & optimised
- Google Analytics & Search Console setup
- Sitemap submitted to Google at launch
- Academy appears on Google Maps
- Proper heading structure on every page
- Image optimisation — fast loading, Google-readable

Full SEO Package — ₹15,000 extra

- Keyword research — what Kozhikode people search for
- All page content written to rank for specific keywords
- 3 SEO-optimised blog articles at launch
- FAQ sections — can appear as Google featured answers
- "Choorakkodi Kalari" brand SERP takeover strategy
- "Usthad CMM Gurukkal" knowledge panel targeting
- Advanced page speed optimisation (Next.js)
- Schema markup: Academy, Founder, Events

Ongoing support & maintenance

We don't disappear after launch day

This is where Bamboost LLP is different from most agencies. Your website is a long-term responsibility we take seriously — not a one-time delivery.

48 hours

Priority update response

Every month, you get one priority update request. Send us what needs to change — a text update, a new photo, a schedule change — and it is done within 48 hours. No waiting, no delays.

1 priority change per month — completed within 48 hours, guaranteed

Immediate

Technical issues treated as highest priority

If your website has a broken link, goes down, loads slowly, or has any technical problem — we treat it as our highest priority and fix it immediately. Broken links, errors, load issues, security alerts — all handled ASAP.

Your website will not be down. We respond immediately to all site issues.

Monthly

Regular content updates included

All routine updates — text changes, photo updates, schedule changes, new information — are batched and updated every month. You stay current without needing to know anything technical. Note: creating entirely new pages is quoted separately.

Monthly updates — no technical knowledge needed on your side

Security & uptime — handled completely by us

Regular security checks, software and framework updates, and SSL certificate maintenance. Your visitors will always see a safe, secure website. You will never need to think about any of this.

Our commitment to you

Exclusivity - Our Promise

Choorakkodi Martial Arts Academy will be our only Kalari client in Kozhikode. We made this commitment and we are putting it in writing.

Exclusivity Clause

For the entire duration of our engagement with Choorakkodi Martial Arts Academy, Bamboost LLP will not take on any other Kalari-related firm, school, or martial arts academy based in Kozhikode as a client for any digital marketing or web development services.

This means you will never be competing against a website we have built, SEO content we have written, or a strategy we have designed — within your own city.

This commitment is in effect from the date of project commencement and remains active for the full duration of any active retainer or Annual Maintenance Contract with Choorakkodi Martial Arts Academy.

We believe your trust is worth more than any other client in Kozhikode. We are not just building a website — we are choosing a side.

Project timeline

From approval to launch in 6 weeks

Here is exactly how the project runs — what happens each week, and what we need from your side at each stage.

Week 1

Discovery & Design Mockup

We collect all content from you — photos, text, family history, existing materials. We create a visual design mockup of the Home page for your review and approval.

Week 2

Core pages development

Home (with scroll animation), About, Kalarippayattu, Disciplines, Admissions, and Contact pages are built. WhatsApp integration done. Animations tested on mobile.

Week 3

Remaining pages & content

Heritage, Gallery, Testimonials, Events, Blog, Marma Healing, and all dynamic template pages are built. Full content integration across all 15 pages.

Week 4

SEO setup & optimisation

All SEO work completed — Google My Business, Analytics, Search Console, schema markup, sitemaps, and (if SEO package selected) full content optimisation and 3 launch blog articles.

Week 5

Client review & revisions

You review the complete website. We make all requested changes. You approve the final version. Two full rounds of revisions are included.

Week 6

Launch & handover

Website goes live on choorakkodi.com. Existing domains redirected. Submitted to Google. You receive a full plain-language walkthrough of how to send us updates and what happens next.

Project terms

Clear terms. No surprises.

Everything below is straightforward. If you have any questions about any of these, ask us — we will explain clearly.

PAYMENT 50% advance to begin. Remaining 50% on your final approval before launch. No hidden charges.	**REVISIONS INCLUDED** Two full rounds of revisions are included. Additional rounds can be quoted if needed.
WHAT WE NEED FROM YOU Photos, text content, logo (if available), and founder/doctor credentials. We guide you on exactly what to provide.	**HOSTING AFTER YEAR 1** Covered under the Annual Maintenance Contract. ₹15,000/year from Year 2 — includes hosting, updates, and support.
NEW PAGES (FUTURE) Adding new pages beyond the 15 is quoted separately. All routine content updates within existing pages are included monthly.	**EXCLUSIVITY** Bamboost LLP will not work with any other Kalari-related firm or academy in Kozhikode for the full duration of our engagement.
PROPOSAL VALIDITY This proposal is valid for 3 days from the date of issue.	**CONTENT OWNERSHIP** All website content, code, and assets belong to Choorakkodi Martial Arts Academy upon full payment.

Ready to begin?

Let's build something worthy of the legacy

Choorakkodi Kalari Sangham has been here since the 1960s. It is time the world knew that — starting with Google. We are ready when you are. Reach us on WhatsApp or by phone and we will answer every question before you make any decision.
